

Crop Finder

How to Use this Crop Finder:

Specific crops are listed alphabetically by region and farm name. The page number for each farm is in parentheses. **Once a farm is located below, look up their contact information in the directory.** For example, if you want to find apple growers in the Eastern region, look in the crop finder section under “Apples” and then “*Eastern Region.*” To locate the specific farms, go to the page numbers listed.

Apples

Northwest Region:

Point Robinson Farm (6)

North Central Region:

Brandt Orchards, Inc. (11)
Collin’s Orchard, Inc. (11)
Gibbs Organic Produce (11)
Hatfield Orchard (12)
